EVENT:

DATE:

Please include a contact phone number. This is to enable fast contact should any attendee notify us in coming days that they have virus symptoms or have become aware they were exposed to a virus carrier prior to today.

The names and phone numbers will be stored securely for up to one month and will then be destroyed. The details will be made available only to an Auckland Tango Event Organiser or a representative of the New Zealand Ministry of Health to contact you as noted above, and will not be used or made available for any other purpose.

This initiative is in the interests of keeping our tango community as safe as possible.
